The screenshot shows a web browser window with the Publons website. The address bar shows the URL `publons.com/dashboard/records/editor/`. The page title is "Private dashboard - My editor records" for Victoria Kasviki. A sidebar on the left contains navigation links: "Me" (Dashboard summary, Public profile, Export verified record), "My records" (Publications, Peer reviews, Editor records), "Activity" (Notifications, Pending records), "Community" (Refer colleagues, Scored publications, Followed publications, Endorsements), and "Settings" (Account). A teal button labeled "ADD AN EDITOR RECORD" is prominently displayed. The main content area explains that adding manuscripts managed as an editor can lead to recognition, rewards for reviewers, and feedback on work quality. It also provides instructions on how to start adding editor records, either by clicking the button or by sending decision letters to `edits@publons.com`. A link to "Read more about what constitutes an editor record and how to use edits@publons.com" is also present. The bottom of the browser window shows the Windows taskbar with the time 3:22 πμ on 2/2/2020.
